Youth For Understanding USA International Exchange

The Japan summer program is administered by Youth For Understanding USA, a non-profit international exchange organization. Based on the premise that international understanding can be achieved through individuals, its programs stress family living as the core of the overseas learning experience. The opportunity to experience the day-to-day life of another country and its people enhances students' awareness of international issues.

Since its founding in 1951, YFU USA programs have enabled more than 200,000 young people from more than 45 countries to expand their horizons by living in another country. Presently, YFU USA sponsors summer, semester, and year programs in many other nations and brings international students to the U.S. For more information about becoming a YFU USA exchange student or hosting an international student, call YFU USA's toll-free number at 1-800-TEENAGE.
